This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Do of Do to weigh.. 14 for 2 Do

THE COMMITTEE Appointed upon the Petition of Leonard Lispenard Abraham Duryee and Fifteen Others Owners and proprietors

of Lotts of Ground in Montgomerie Ward and the Outward of this City made their Report on the Subject Matter thereof, in the words following Viz^{t} Wee the Committee Appointed to Treat with the Petitioners for Water Lotts in Montgomerie and the Out wards of this City Do in Obedience to said Appointment Report that on the 25th day of November 1765 We Met Mess^{rs} Samuel Farmer, Abraham Duryee and William Bancker a Committee on the Part of the Commissioners. We asked of them what the Petitioners would pay for the said Water Lotts Petitioned for, upon which they Asked if we the Committee [311] of the Corporation had a power to Agree with them for the same and being Answered in the Negative they said they were Willing to Give as much as their Neighbours had Given, or as much as had been Given at any time heretofore to the Corporation for such like Lotts as those Petitioned for; and that if the Corporation should Decline to Accept of the Offer, they desired the Corporation would Let them know what price they would ask for those Lotts; which is Nevertheless Humbly Submitted by your most humble Servants, John Bogert Jun^{r}, Whitehead Hicks, Dirick Brinckerhoof, Garrit Rapalie & Michael Thody.

The said Committee did also report to this board Viz^{t} that after the within mentioned meeting the said Committee for the petitioners offered £40 apiece for the said lots one lot with the other; upon which said reports being read, a debate arose concerning the consideration money offered for each lot from high to low water mark, and it being put to the vote by this Board, it was thereupon determined that the petitioners should pay to this Corporation for a release of the ground between high and low water mark the sum of £50 and likewise the quit rent of 1^{s} 6^{d} p^{r} foot yearly and for every year, from and after the 25th of March next for the whole breadth of their several lots extending from low water mark into the said East River 200 feet agreable to a survey made thereof by Francis Marschalk, *to* all which the said petitioners agree to comply with; AND thereupon this Board did ORDER that the clerk prepare releases and grants to the said petitioners for the same accordingly.

Nº 1808 ORDERED the Mayor Issue his Warrant to the Treasurer of this City to pay to Adam Van Den Bergh or order the sum of Twenty Pounds (out of the monies Raised by Vertue of an Act Entituled an Act for the Better Regulating the Publick Roads in the City and County of New York and to Levy money to Defray the Expence thereof) on account of Expences accrued the last Year for Repairing the Publick Roads.

THE COMMITTEE Appointed upon the Petitions of Archibald Kennedy and William McAdams, as also of Cornelius Van Voorst for an Exclusive Grant of the Right of Ferriage from this City Across Hudsons River to their Respective Lands on Jersey Shore, made their Report on a Conferrence had with the Petitioner Cornelius Van Voorst in the words following we the Subscribers of the Committee Appointed by the within order Do Report thereon that [312] pursuant to the within order we have Conferred with the Petitioner Cornelius Van Voorst upon the Subject matter of his Petition, and have Received his proposals thereon which are on the other side hereof; of which we do Report to this Board Febry ye 11th 1766. Nichs Roosevelt, Whitehead Hicks, Abraham P. Lott, Michael Thody.

THE PROPOSALS made, agreed to and signed by the said Cornelius Van Voorst are as follows Viz: That he would give the Corporation £40 pr year for 7 years and they to appoint the rates of ferriage in crossing; that after the said term of 7 years be expired he would give the Corporation a free landing on his side, they making the most they can from New York there, provided the Corporation would grant him the same privilidge from Jersey side to New York; that he was possessed of 3 large and 2 small boats for the use of ferrying, which should always be in repair for that purpose; that the Corporation might settle the place of landing on New York side, though he would recommend to have it at the same place he now lands at: which several proposals this Board took in consideration and unanimously agreed to and thereupon ORDERD that the landing place be fixed at the ground or peer of Nicholas Roosevelt Esqr the lower end of Thomas street.

THE COMMITTEE appointed on the Petition of the Ministers, Elders, Deacons, Trustees, Communicants and others, members of the English Presbyterian Church of the City of New York, which was preferred to this Board the last Common Councill, Do now make their report on the subject matter thereof in the words following Viz:—WE the Subscribers the Committee appointed by order of the Common Councill, a Copy whereof is hereunto annexed, do in obedience to the said order report that we met a Committee of the Presbyterian Church attended by a City Surveyor, which committee of the Church upon viewing the ground belonging to the Corporation, declared that no ground of the Corporation would answer their purpose so well as the angle mentioned in their petition, which our surveyor told us amounted to about 9 Lots at the calculation of 25 feet in breadth, and 100 feet in length, for which said lot they the said committee of the Presbyterian Church

offered the sum of £40 p^{r} Annum for ever, which offer with their reasons for the same is also hereunto annexed; and we the Subscribers do also Report that we think the said angle petitioned for the most convenient place to [313] build a Church on: all which is nevertheless humbly submitted to this Board. John Bogert Jun^{r}, Whitehead Hicks, Dirck Brinckerhoof, Andrew Gotier, & Michael Thody: which said offer and reasons annexed to the said report were read in the words following.

To the Gentlemen, appointed by the Worshipfull the Corporation of the City of New York to be a Committee to treat with the Presbyterian Church upon their Petition:

The Committee for the Church, previous to their Answer, Relating to the Points with Which the Gentlemen of the Committee for the Corporation were Charged, beg Leave to say that they take very kindly the Speedy Attention Given by the Corporation to their Request, and have no Doubt but that the members of the Church will Always be ready to shew their Gratefull sense of this Usage & Every other mark of their Respect.

As to the place for Erecting the intended Church we are Informed that the Corporation has no other Ground that Can be thought of for such a purpose but that Opposite to the Old Wind Mill Spot, and the Angle to the North Eastward of the Vineyard. The Church think the Latter so evidently preferable to the Former, that they Cannot but make their Election there and Among Others for the Following Reasons.

1st That altho' your Petitioners are Possessed of a Convenient edifice, for the Worship of God, Yet such has Been their Great and Continued Growth that, that Church is not at present Sufficient to Contain their Congregation and they are therefore under the Necessity of Building Another Church Immediately and tho the Lotts to the Westward of the Ground lately Granted to the Dutch [Church] will in time be very Convenient to erect a Church upon when that Part of the City Becomes more Inhabited and the Adjacent Lotts Become Vacant by the Expiration of their Leases yet at Present it is too Remote for Immediate use and the spot now Vacant too Small and therefore will not Answer the Petitioners purpose.

2^{dly} The Communication to that Peice of Ground is very Inconvenient (1) Because the Street that leads to it on the East side is so very Narrow that two or three Carriages will in a Manner Obstruct the Passage and prevent People from Passing. (2) Because,

[as] that part of the City will not in all probability be paved for many years to Come, it will therefore be very Difficult and Inconvenient (Especially in the winter Season) to Pass Except in Carriages.

3dly A Church Erected on that Peice of Ground will be Greatly Endangered by fire from the many Small wood Buildings that will Surround it

4thly [314] If the Petitioners Should Build a Church upon this Ground and the Church Congregation should think proper hereafter to Erect a Church on their Lotts, the Churches would Stand so near as to hinder or greatly Interrupt Each other in time of Divine Service, an Inconveniency this, which our Bretheren of the Dutch and English Churches have Often Complained of by reason of their having the French Church so near the Former and the Lutheren Church so near the latter.

5thly Before a Church Can be erected on that Ground it will be necessary to dig away a Considerable part of the Hill whereby the Petitioners will be put to a very Considerable Expence which they are at present unable to Summit to, as they will want all the money they Can possibly Raise, to Build their Church.

6thly A Church Erected on that Ground will not Contribute to the Publick Ornament of the City, as it will be in a manner hid by the Surrounding Buildings; AND the Publick Ornament will doubtless ever Merit the Attention of the worshipfull Board.

7thly If the Dutch Congregation should hereafter Erect a Church on their Lotts, one Church will in a Great Measure Obstruct the View of the Other as they must from the Situation of the Ground Stand nearly upon a Line, and if one should take fire, the other from its Contiguity will be in Great Danger, the City also will loose that Ornament which those Churches would Afford if set at proper distances from Each Other: and therefore

8thly A grant of those Lotts to the Petitioners will be inconvenient to them and will be a Real Injury to the Dutch Congregation by rendering their lots less valuable. Besides one Church in that part of the town will be fully sufficient for the number of its inhabitants. These Reasons induce the Petitioners to prefer the angular peice of ground that lies to the northeast of the vineyard as it is not subject to any of the inconveniences before mentioned.

AT the Time the Petitioners presented their Petition, they supposed the Angle Contained no more than six Lotts but it Appears from the Survey made by the City Surveyor, that it Comprehends near nine Lotts Which will be Sufficient Both for a Church and Cymetery

This piece of Ground being nearer the Inhabited Part of the City will be more Convenient to the Petitioners as it will admit of an Easy Access at all times of the Yeare.

THE PETITIONERS are humbly of Opinion that a decent Edifice Erected on this Spot properly Enclosed in a pail Fence will be a Great Ornament to the Green Whereas it is at Present Entirely useless or Rather a Nusance as it is now a Receptacle for all the Dirt and Filth of the Neighbourhood. [315] We hope the Worshipfull Board upon a due consideration of the reasons before mentioned and of the circumstances of our Church will be of Opinion that the sum of £40 p^{r} annum offered by us is a sufficient rent especially when they consider

1st that the Lands Granted by them to our Bretheren of Trinity Church, was their free Gift without any Consideration, Whatsoever tho' it is ten times more Valuable than the Lotts Prayed for, by the Petitioners.

2^{dly} the Sum Offered by us will, when they Consider that it amounts to about £4 : 12 p^{r} lot, appear great as it is almost double the sum given by the Dutch Church for the lots granted to them and it is well worth observing that as the angle if conveyed in lots to private persons will not on account of its smallness admit of being faced on all sides with houses; it must present Shops, Fences, Stables, Sheds, and Gates to some of the Streets, and being flatt always occasions dirty Streets around it. THEREFORE

3^{dly} the Angle tho' at first view valuable for its situation will appear vastly depreciated by its shape which renders it extreamly incommodious for any use but that of erecting a publick Edifice.

4^{thly} Tho' we are a Numerous Yet we are a Poor People and unable to give more; we never have had any Grant from the Corporation and are therefore we humbly Conceive proper Subjects for the Bounty and favour of the worshipfull Board.

5^{thly} We hope the sum Offered will Appear fully Sufficient when it is Considered that it will be a Grant made by a Publick Body to a Publick Body, for Publick and Pious uses, and for the Benefit of those Who make a Considerable part of the Freemen and Freeholders of the Corporation and therefore a Grant of the Angle is no more than Appropriating a particular Part of the Corporation's Estate for Certain Publick Purposes for the Benefit of a Considerable part of her own Children.

Upon the Whole therefore the Committee for the Petitioners hope the Corporation will Join with their own Committee in Opinions that the Angle is a proper place for a Church and Consent to the Price

Offered, as a Reasonable Rent for that Ground Considering that it is a Corporation that is to Grant, that a Large Body of her own Children are to be Grantees, that their Neccessities and Poverty forbid a higher Offer and that they Ask for no Private Boon But for what will Adorn the City and at the same time Promote the Worship of God and have a Good Influence upon the manners of its Inhabitants: All which is Nevertheless humbly Submitted To [316] the Wisdom and Impartiality of the Worshipfull Board by their most humble Servants

UPON which said Report Offer and Reasons this Board did thereupon Unanimously Resolve and Order, That the Angular Piece of Ground Prayed for by the Petitioners Containing Eight Lotts and an half of twenty five feet by a hundred each agreeable to a Survey now Laid before this Board lately made thereof by Francis Marschalk one of the City Surveyors, Containing 152 feet on the Southwesterly side, 214 feet on the Northwesterly side, 62 feet on the Northeasterly side and 200 feet on the South Easterly side, be Granted to Messrs John Rodgers and Joseph Treat the Present Ministers; William Smith, Garret Noel, Nathaniel McKinley, Peter Van Brugh Livingston, John Smith, Thomas Jackson, the present Elders; John Stephens and Peter Ricker the present Deacons; and Thomas Smith, Peter R. Livingston, Joseph Hallet, John Lasher Junr, Peter Ricker, William Smith Junr, John Dunlap and John Morin Scott, the present Trustees of the said English Presbyterian Church of the City of New York, and to their heirs and Assigns for ever, according to the Prayer of their said Petition and the said Report, Offer, reasons and Survey under the yearly rent of Forty Pounds to Commence from the first day of May next and that the Clerk of this Board prepare the draft of a Grant accordingly, that the Grant of the same Ground may be made out and Issued under the seal of this Corporation with all Convenient Speed.

The Clerk produc'd the draft of a Grant accordingly, which was read & approved of, and thereupon ORDERD that the seal of the Corporation be annexed thereto, and delivered to the parties of the second part.

THE PETITION of Aaron Bussing & several others inhabitants of the Town of Harlem was preferred to this Board and read, setting forth that the ground along Harlem River between the north corner of the coach house belonging to the estate of Lewis Morris Esqr deceased to a certain small creek running into a piece of meadow ground belonging

to John Bogert Junr Esqr has always been left by the [335] said Town as common ground for a landing place for all persons crossing the said river between the two stations aforesaid, & that there is no other proper place in the said town for a landing; that they have been informed a petition has been or shortly will be presented to this Board, praying for a grant of a water lot into the said Harlem River adjoining to the said ground, which if granted would deprive them & all others having occasion to pass and repass the said river to and from the said town of the benefit of the said Common landing, & therefore humbly prayed that this board would not grant the prayer of the said petition, until they have been heard by their counsel on the subject matter thereof. This Board taking into Consideration the said petition thereupon ORDERD that the petitioners by their Counsel have a hearing at the next Common Council to be held Monday the 22d of September instant, & that the said petitioners be served with a copy of this order.

Mr Mayor Communicated to this Board, that he lately Received a Letter directed to him in the words following

To the Worshipfull Whitehead Hicks Esquire Mayor of the City of New York

Sir:—

A very Great Number of the Inhabitants are determined to Erect another Liberty pole, as a Memorial of the Repeal of the Stamp Act.

They Consider no place so proper for it, as that on which the other pole Stood, But if Contrary to all Expectation the Corporation Should not be disposed to Give leave to have it Raised there, We humbly Conceive that they Cannot have any objection to its being fixed opposite Mr Van Den Berghs near St Pauls Church, a Small distance from where the two Roads meet, which we have Reason to suppose will next to the other place be most acceptable

If the Board Should not think proper to Grant Liberty for its Erection, on either of the above places, as in that Case, no monument of freedom will appear in the Fields (the most publick place) the people are Resolved to procure it a place in the Fields on private Ground, and as the pole will be finished in a few days we are appointed a Committee to wait on you to request that you would be pleased to Quicken an answer from the Corporation on this Subject

We are
Worshipfull Sir
Your Very Humble Servants

That this worshipfull Board, from a Consideration of the Importance of a publick Seminary, for the Education of Youth in the Liberal Arts & Sciences; and thereby qualifying them the better to Serve and Support their Country, did some time since Generously promise the said Water Lots free from any Quit Rent, to which benevolent Resolution, it is presumed the present worthy Members can be no Strangers, and therefore praying that this worshipfull Board from a just Sense of the usefulness of the Petitioners Design, both as an improvement to the City, and as it will tend to advance the laudable Institution Committed to their Care, will be pleased still to Continue their favourable disposition formerly expressed; and Grant them the said Water Lots free from any quit Rent. But Nevertheless, should this Respectable Corporation have found Reason to alter their former indulgent Sentiments, and to withold their intended Liberality; they in such Case begg that this Corporation will then Grant unto them the said Lots two hundred feet into the River, on such moderate Terms and quit Rents as may with Confidence be Expected by an Infant Seminary of useful Knowledge from a publick body who have the power and means thus to Contribute to its promotion, without Charge or Expence to themselves, and they will Greatly acknowledge &c. which said Petition being taken into Consideration by this Board, a debate thereupon arose, whether the previous question should be put, to witt, whether this Board will Grant the said Water Lotts free from any quit Rent, or not, and the question being put thereon it was Carried in the Affirmative in manner following

The Committee who were appointed to Enquire into the Incroachments made upon the Corporation Lands in the Outward made their report in the words following. We the Subscribers being the Major part of a Committee Appointed by an Order of this Board dated the twentieth of March last to carry into Execution the several Matters by us recommended in a report made on that Day relative to the Encroachments made upon the rights of the Corporation in the Outward do in obedience thereto report that in Consequence of the above Order on the twenty fifth of the said Month of March we writ & sent circular Letters to David Devoor David Devoor Junr Lawrence Hartman Peter Van Zandt William Beekman the Widow Richardson John Hardenbrook David Provoost John Devoor John Devoor Junr Dirck Lefferts Nathaniel Marston Adolph Benson & Johannes Waldron, persons whom we had reported to this Board as having encroached upon the Corporation

Lands in the Out Ward in which Letters we acquainted the aforesaid persons that we were appointed a Committee to settle the dispute with them relative [93] to the Lands in their possession claimed by the Corporation; that in Order for a Conference upon the Subject we had appointed a Meeting to be held in the Common Council Room in the City Hall on Tuesday the ninth of April then next at two of the Clock in the afternoon of the same day, at which they and each of them were requested to attend; that on the ninth day of April we attended at the Time & place appointed; that Johannes Waldron herein before mentioned appeared & declared that he claimed no title to the Lands in his possession & promised to take a Lease from the Corporation, which however he has not yet thought proper to do; that the Widow Richardson sent us word that she claimed no right or title to the Lands in her possession and that she was willing & ready to take a Lease for the same from the Corporation which she has not yet complyed with; that Lawrence Benson appeared & declared that he was willing to agree with the Corporation as soon as the Line should be agreed upon & run between the Township of Harlem & the Corporation; that Lawrence Hartman also appeared and declared that he would take a Lease from the Corporation of the Lands in his possession claimed by the Corporation if the same were not included in his Deed, but has done nothing in the Matter since; that William Beekman and Peter Pra Van Zandt also appeared & declared their willingness to settle the disputed Lands in their possession amicably with the Corporation and proposed to leave the Lands in dispute to the decision of Arbitrators in preferrence to that of going to Law, which the Committee then thought reasonable; that John Hardenbrook did not appear but sent word that he had hove [?] out all the Lands claimed by the Corporation, but upon examining the City Surveyor M^{r} Marshalk it appeared to this Committee that the said John Hardenbrook has still some Lands in his possession which are the property of the Corporation; that David Devoor David Devoor Jun^{r} David Provoost John Devoor John Devoor Jun^{r} Dirck Lefferts & Nathaniel Marsten paid not the least regard to the Letters sent them by this Committee; [94] that it is our opinion that the several persons mentioned in our Report to this Board of the twentieth of March last shou'd be immediately ejected except William Beekman & Peter Pra Van Zandt who we think ought not to be ejected at present if any reasonable or equitable Method can be fallen upon of settling the Dispute between this Board & them, as they offer to leave the matter in controversy to any indifferent men to determine and even go so far as to declare their Readiness to submit the dispute to

the sole Determination of the Corporation itself and to rest satisfied with such decisions rather than engage in an expensive & tedious Law Suit. We do further report that we have caused the Lands contained in the Patent formerly granted to Priscilla, William and John Holmes (and now possessed by the Representatives of Sr Peter Warren, Kip and Vanderhoof) to be surveyed by Mr Marshalk the City Surveyor, upon which survey several of us personally attended and found that Kipp has also inclosed a small piece of Land the property of the Corporation which he claims under the Patent granted to the aforesaid Priscilla, William & John Holmes, and also that part of the said Patent which is now owned by the Representatives of Sr Peter Warren comprehends a Considerable Quantity of Lands uninclosed and the whole of what Joachim Anderson has in his possession as by the Map or plan of the Lands contained in that Patent (made by the City Surveyor & hereto annexed) fully appears. We do also further report that we have endeavoured to get the Patents under which Kipp claims his Land but have not been able to procure them, tho' we are informed by Mr Marshalk the Surveyor that he formerly run out the Boundaries of the several Patents under which Kipp claims at his Request that the Lands are held under four different Patents the three Northermost of which bind him upon the Country Road and the Southermost extends from the East River 130 rods into the woods which are now deemed Common Land. We also Report it is our opinion that Vanderhoof [95] should be ejected. We do also further report that in consequence of the Order herein before mentioned we Caused a Letter to be wrote to the Trustees and Freeholders of the Town of Harlem relative to the Settlement of the Boundaries between their Town and the Corporation of this City, a true Copy of which Letter is hereunto annexed and marked Number one; that in Answer to the said Letter we received certain proposals from the Town of Harlem which are contained in their Letter to us hereunto also annexed and marked Number two; And we a[l]s[o] humbly report it as our opinion that the Method mentioned in their Letter for an Amicable Settlement of this [controversy] between Harlem and this Corporation ought to be adopted: all which is nevertheless submitted by Thomas Jones, John Dikeman, Benjamin Huggett, John Abeel, November 1st 1771: which report being read, was approved of by this Board and ORDERD that the same be entered and filed

ORDERED by this Board that the above Committee Carry into Execution the several Matters by them Recommended in the above Report

Paternal goodness in appointing to preside over this his loyal and faithfull Colony a Gentlemen whose abilities eminently distinguish and qualify him for the discharge of this important [115] trust, and whose Irreproachable Conduct in the Government he lately so honourably filled, is the strongest presage of our own publick felicity

The Ardour with which your Excellency as Supreme Majestrate in the Colony, which you lately presided over, undertook that hazardous though necessary service, in Supporting the Laws of the Country, and the Quelling a daring Insurrection justly alarming to the Community, and which if not happily suppressed, might have been attended with very dangerous Consequences, we think reflects great honour upon your Excellency

We Cannot leave your Excellency without entreating your favourable Countenance and Protection of this Corporation in the full Enjoyment of all its Franchises and Priviledges granted by his Majesty's Royal Predecessors, nor without offering our most ardent wishes, that you may long enjoy the inward and solid Satisfaction, resulting from an easy mild and equitable Administration which we shall ever studiously endeavour to promote, Confident from the tendency of your amiable Disposition that it will prove a Blessing to the people.

To the Mayor Aldermen & Commonalty of the City of New York. Gentlemen:

I receive with real pleasure your Congratulations on my arrival with my family in this Colony, & esteem myself happy in being ap-

pointed to succeed your late worthy Governor in the Command of this most respectable Province

I Conceived it an indispensable Duty in me, to Carry into Execution those active measures, I was called upon to [117] pursue, in Vindication of the violated Civil rights of a province I had then the honour to preside over. But to receive such honourable Testimonies of the necessity of that Service, from the Mayor Aldermen and Commonalty of this antient Corporation affords as much inward satisfaction to my mind, as it does me publick honor

Imprest with a proper sense of my duty, & your favourable Opinion of my Inclinations, I shall faithfully endeavour to promote the publick felicity of this Country

The Corporation of the City of New York may be Confident of every possible Countenance & Protection from me, in all its franchises & priviledges granted by his Majestys royal Predecessors, and that their studious endeavours to promote the Success of my Administration will meet with all suitable returns of Respect & Gratitude.

To remedy these Evils your Petitioners most humbly Request that this Honourable Board, who upon all Occasions, have shewn their Zeal for the welfare of the Community, would be pleased to grant for their use the fee simple which is vested in this Corporation for the uses hereafter mentioned of a certain Tract of unimproved Lands lying in the out ward of this City at the end of the Bowery Lane being bounded easterly by the road leading to Kings Bridge, westerly by the Road leading to Bloomendale,

northerly by the fence of Benjamin Nicoll Esq^{r} deceased, & terminating southerly where the Kings Bridge & Bloomendale Road seperate forming nearly a Triangle

Your Petitioners conceive that the aforesaid Tract of Land is very properly situated to Erect a Church & School on, which will relieve them from the Inconveniences they now labour under. They therefore pray that it may be granted unto the Rector and the Inhabitants of the City of New York in Communion of the Church of England as by Law Established, [119] Upon Condition that the same shall be preserved & kept by them for the uses of hereafter erecting a Church & School house thereupon & for a Burying ground under such reasonable Quit Rent as this Hon^{ble} Board shall think Proper.

Your Petitioners being gratified in this their request which they Conceive will be of publick Utility as in duty bound will ever pray &c.

Mr Recorder produced to this Board the draft of a Petition to his Excellency William Tryon Esqr Captain General & Commander in

[224] Chief in & over the province of New York & Territories thereon depending in America Chancellor and Vice Admiral of the same

THE PETITION of the Mayor Aldermen & Commonalty of the City of New York in Common Council Convened

HUMBLY SHEWETH

That on the ... day of October Last Benjamin Blagge Esq^{r} (then being one of the Aldermen & Justices of the peace of the City & County of New York) was by a Commission under the great Seal of the province of [New York] Constituted & Appointed Coroner of the said City & County and as such was duly Qualified According to Law.

That upon the Appointment of the said Benjamin Blagge Esq^{r} to the Office of Coroner of the City & County of New York Doubts arose among your Petitioners whether the Offices of an Alderman and Justice of the peace & that of a Coroner for the same City & County were not Incompatible with each other and whether one and the same person could by the Laws of England or by the Charter to this City hold & Exercise the said Offices together at one and the same time, and whether the Offices of an Alderman & a Justice of the peace then Exercised by the said Benjamin Blagge did not become Void upon his Acceptance of the Coroners Commission, and as it appeared to your petitioners to be not only a Matter of Difficulty but of Importance and being desirous to Act in a Matter of such Consequence a part that would be Just right & Legal Your petitioners Unanimously agreed to take the Opinion of a Number of Gentlemen Eminent in the Law upon a State of the Case to be drawn and formed for that purpose relative to the Doubts & Difficulties under which your Petitioners Laboured.

That Your Petitioners with the Consent of the said Benjamin Blagge Esq^{r} Accordingly Agreed to Lay such State of the Case before the Honourable William Smith Esq^{r}, His Majestys Attorney General [John Tabor Kempe, Esq.], John Morin Scott, James Duane, Thomas Smith, Benjamin Kissam, Samuel Jones and John Jay Esq^{rs} with a request that each of them would give his Opinion upon the Several Queries Mentioned therein with the reason upon which each founded his Opinion and to point out the Several Authoritys & Law Cases which Induced each of them to be of such Opinion.

[225] That Your Petitioners about the twentieth day of October last had such State of the Case Accordingly drawn and a Copy delivered to each of the Gentlemen abovementioned with a Note at the Bottom of each Case Containing the above request.

That Your petitioners received the Opinions of Mr Kissam, of the Attorney General, of James Duane, Thomas Smith, Samuel Jones, & John Jay Esqrs the last of which was delivered to your Petitioners on the fifteenth day of December last.

That Your Petitioners being Informed that the Honourable William Smith Esqr declined Giving any Opinion at all and not being Able after repeated Applications to Obtain any Opinion from Mr Scott thought proper to enter into a Consideration of the Doubts & Scruples before mentioned upon the Arguments Reasons & Law Cases Cited & Contained in the Six Several Opinions which your Petitioners had Obtained (and which said six Opinions with the State of the Case and Queries thereon Marked No 1. 2. 3. 4. 5 & 6. are hereunto Annexed & to which your Petitioners beg Leave to refer)

That the said Opinions and the Authorities produced in Support thereof were Severally read Considered of & deliberated upon by your petitioners from time to time and at Length a Day was fixed upon at the Distance of about a fortnight for determining the Matters in Doubt

That on the 29th day of January last being the day agreed upon for that purpose and your Petitioners having previous thereto duly and with Great Deliberation Considered of the Several points upon which their Doubts had arisen and having read & Considered of the Several Opinions aforesaid with the reasoning of the Gentlemen in their Several Opinions Contained and the Authorities & Law Cases referred to by each of the Gentlemen in Support of his particular Opinion and finding all the Gentlemen to Concur in Opinion Your Petitioners in a full Common Council Unanimously Agreed & resolved that the Offices of an Alderman & a Justice of the peace of & for this City and that of a Coroner of and for the same City were Incompatible with each other & Could by no Means be Exercised by one and the same person at one & the same time and that Benjamin Blagge Esqr by his Acceptance of the Coroners Commission while an Alderman and a Justice of the peace had made the latter totally Void. Your Petitioners therefore after stating a Case & taking the Opinions of his Majesty's [226] Attorney General and of James Duane Esqr thereon (which State of the Case & Opinions thereon Marked Number Seven are hereunto also Annexed) in what manner to proceed with the Greatest Safety & regularity did in pursuance of such Opinions by a Publick Act under the City Seal amove the said Benjamin Blagge of & from the said Office of an Alderman and Justice of the peace and at the same time ORDERED the Mayor to Issue his Warrant under the Seal of the Corporation directed to the Constables of Montgomerie Ward Command-

ing them to Summon the Freemen & Freeholders of the said Ward to Meet together at the New Market in the said ward on Monday the 15th day of February then next at 10 oClock in the forenoon of the same day then and there to elect by plurality of Voices a Sufficient person duly Qualified to Serve as an Alderman of the said Ward in the room of the aforesaid Benjamin Blagge

And Your Petitioners do further Shew unto Your Excellency that the freemen and Freeholders on the Day Appointed for the Election aforesaid did again Elect & Choose the said Benjamin Blagge as an Alderman for Montgomerie Ward aforesaid; and that on the 17th day of this Instant February the said Benjamin Blagge appeared in Common Council and was at his request duly Qualified as an Alderman and a Justice of the peace for this City & County Altho he was previous to such Qualification informed by the Mayor by Order of the Common Council that his Qualifying & taking upon himself the Office of an Alderman and Justice of the peace would as they Conceived make Void and render of no Effect the Office which he then held as Coroner.

And Your Petitioners do further Shew unto your Excellency that they Conceive and are Advised that the Offices of an Alderman and a Justice of the peace and that of a Coroner of and for the same City or County are Incompatible with each other and Cannot Legally be Exercised by one & the same person at one & the same time and that the aforesaid Benjamin Blagge by his Acceptance of the Coroners Commission for the City of New York while an Alderman and a Justice of the peace of the same City made the Latter Office ipso facto Void And that after his Amoval from the Offices of an Alderman & a Justice of the peace his re-election and his Qualifying himself in Consequence of such re-election as an Alderman & a Justice of the peace forfeits & renders [227] Nul and Void the Office of a Coroner, the said Offices being as your Petitioners Conceive & are Advised Incompatible with each other and the last of the said Offices which a person Accepts & enters upon the Execution of avoids the former: thus for Instance if a Justice of the peace is made a Coroner the Office of the Justice ceases & becomes Void so on the other hand if a Coroner Accepts of the Office of a Justice of the peace the Coroners Office becomes Void as no one person Can Legally hold & Exercise the two Offices at the same time in the same City and Benjamin Blagge Esqr Since Obtaining his Commission as Coroner having been Elected an Alderman also by Charter is a Justice of the peace and having Qualified himself as an Alderman and a Justice of the peace Your Petitioners Conceive and are Advised that the Coroners Office is become Void

AND Your Petitioners do further Shew unto your Excellency that by the Charter by which this City is Incorporated into a Body politick two Courts of Record are Established towit a Court of General Quarter Sessions for the Trial of Matters Criminal and a Court called the Mayors Court for the Trial of all Civil Actions as well real, personal as Mixt of which said two Courts of Record the Mayor Recorder and Aldermen are by Charter the Judges and the Sheriff, Coroner, high Constable &c. by the same Charter are nominated & Constituted Ministerial Officers of the said two Courts and are Ordered & directed in & by the said Charter to be Attendant upon the said two Courts and as Ministerial Officers the Mandates Orders and Directions of the Judges of the said two Courts to perform obey & Execute.

That by the Acceptance of the Offices of an Alderman and a Justice of the peace of this City by the aforesaid Benjamin Blagge Esq^{r} the Office of a Coroner of the same City by him before Executed becoming Void the said two Courts of Record Established by Charter are deprived of a Ministerial Officer who by the same Charter ought always to be Attendant upon the said two Courts in Order to Obey the Commands and Execute the precepts of the Mayor Recorder & Aldermen who are the Judges of the said Courts by Means whereof the said two Courts have at present one Ministerial Officer less than is Expressly Given them by his Majestys royal Charter

Your Petitioners therefore Humbly pray that Your Excellency will be favourably pleased to Appoint a Coroner for [228] this City & County, that the two Courts of Record established by the Charter may not be deprived of a Very Necessary Ministerial Officer who is by the Charter directed to be Attendant upon the said two Courts of Record & the precepts Orders Mandates & Directions of the Mayor Recorder & Aldermen (the Judges of the said two Courts) to observe, obey & Execute; and Your Petitioners as in duty bound shall ever pray &c. which was read and Approved of by this Board and thereupon ORDERD that the same be fairly engrossed, the Corporation Seal affixed thereto and that M^{r} Mayor present the same to his Excellency.

Mr Mayor Produced to this Board the Draft of an Address to his Excellency the Honourable Thomas Gage, Lieutenant General in his

Majestys Army & Commander in Chief of all his [Majesty's] forces in North America, on his Departure from this Province to Europe, which was read & is in the Words following.

To his Excellency the Honourable Thomas Gage, Lieutenant General in his Majestys Army & Commander in Chief of his Majestys Forces in North America

The Address of the Mayor, Aldermen & Commonalty of the City of New York.

Sir:

We should do violence to the Grateful Feelings of the Citizens of New York, of every Rank, if we omitted in taking Leave of your Excellency, to Express their Grief at the Departure of an Inhabitant [whose] Residence here has done Honour to our City, and of whose Politeness & Benevolence we have had Abundant Experience.

It would be painful to you, Sir, and on some Joyful Occasion, it will [be] more Agreeable to us, to recount the most Signal Instances of your Favour to this Community: permit us nevertheless to remark, that your's was the Arduous Task to command an Army, in that critical Hour, when the several Branches of the Empire, rent by unnatural Discords, seemed to be upon the point of Dissolving the [246] Union to which they owe their Safety their Glory & their happiness; and your's was the Honour to direct in that Storm, not only with Wisdom & Firmness, but with that Magnanimity and Prudence, so happily suited to the Exigencies of the Times, and with that Affectionate Tenderness to the true Interest of the Publick which never fails to Add more Lustre to the Character of a General, than can be derived from all the splendid Exploits of Arms

In the Name of a City, that has a high & just Sense of your distinguished Merit, & as a Memorial of the Gratitude, & Affection of its Inhabitants, we beg your Acceptance of this Box, and a Title to all the Rights of a Citizen of New York: and we most Ardently beseech the sovereign disposer of human Affairs, ever to follow you & your family, with the Smiles of a most indulgent Providence.

and the same being approved of by this Board, was ORDER'D to be engrossed, & at the same time the Draft of a freedom to be preferred to his said Excellency was also Read & agreed to by this Board.

ORDER'D by this Board that the same be handsomely Engrossed on Parchment, & the Seal of this Corporation Affixed thereto, to be Enclosed in a Gold Box, with the City Arms Engraved thereon.
